MAHARISHI GLOBAL ORGANISATION

His Holiness Maharishi Mahesh Yogi Ji, the most dedicated disciple to Shri Guru Dev Swami Brahmanand Saraswati Ji, Jagadguru Shankaracharya of Jyotishpeeth, Badrikashram, Himalayas, was widely regarded as the Foremost Scientist in the field of consciousness, and is established to be the greatest teacher in the world history.

Fifty-three years ago Maharishi Ji's infinite love drew him out of isolation in the Himalayas to relieve the world from suffering, to provide people joy and peace and to create Heaven on Earth. Having learned from his Master- Shri Guru Dev, Maharishi Ji completely revived the practical, ancient science that is capable of creating perfect life and guiding individual to the path of Enlightenment.

Maharishi Ji has completely restored thousands of years old scattered Vedic Literature for the total significance of its theory and practice

and has organized it in the form

of a complete science of consciousness. Maharishi's Vedic Science and Technology unfolds the full potential of Natural Law in human consciousness as the basis of improving all areas of life. The Transcendental Meditation programme, the subjective technology of Maharishi's Vedic Science and

Technology is the most widely practiced and extensively researched programme of self-development in the world.

Maharishi Ji has established a worldwide movement in 124 countries offering the knowledge and practical programmes of Maharishi Vedic Science in all areas of life. Maharishi Ji has founded thousands of organisations and institutions to bring the light of Vedic wisdom throughout the world. These organizations and institutions include: Maharishi Vedic Universities, Maharishi Ayurved Universities, Maharishi Universities of Management and Technology, Vedic Vidyapeeth, Schools, Colleges and Institutes, Maharishi Vedic Approach to Health Care centers and Transcendental Meditation centers. Maharishi educational institutions offer courses based on Vedic knowledge of life-Maharishi Vedic Science-knowledge of the Atma-Consciousness to train people in gaining mastery over Natural Law and to perpetuate life in accordance with Natural Law-perfection in every profession-and create Natural Law based problem-free government in every country-governments with the ability to prevent problems.

Millions of people in all parts of the world and from all walks of life practice Maharishi's Transcendental Meditation. 40,000 teachers of the Transcendental Meditation have been trained so far and more are continuing to be trained. In addition, approximately 500,000 people have learnt Maharishi's TM-Sidhi Programme and are practicing 'Yogic Flying'.

MAHARISHI ORGANISATIONS IN INDIA

In India Maharishi Ji has established large number of educational and charitable Organisations. These organizations are mainly engaged in introducing totality-wholistic approach of Maharishi Vedic Science in mainstream of present education system. Maharishi's system of Consciousness based Education-Self based-The Atma based-Ved Vigyan based-Unified Field based Education has been introduced world wide more than forty-five years ago; it had been tested and scientifically validated.

Maharishi Shiksha Sansthan is one of such premier educational institutions founded by Maharishi Ji, which has following projects under its auspices:

MAHARISHI INSTITUTE OF MANAGEMENT (MIM)

MIM-India has been established in 1993. MIM has five campuses at Bangalore, Bhopal, Hyderabad, Indore and Maharishi Nagar (Near Delhi). All campuses offer various Post Graduate, Graduate and Diploma courses in management and computer science.

MIM Bhopal offers BBA, BCA and MBA affiliated to Bhopal University. MCA course is affiliated to Madhya Pradesh Technical University. MBA and MCA courses are also approved by AICTE. B.Ed. & B.P.Ed. courses are affiliated to Barakatullah University, Bhopal and also has approval of NCTE.

MIM Indore offers BBA, B.Sc. (CS) and MCM, B.Ed. & B.P.Ed. courses affiliated to Devi Ahilya University. B.Ed. and B.P.Ed. are also approved by NCTE.

MIMs Bangalore and Hyderabad offer BBA, BCA, B.Com., MBA and other management and computer diploma courses approved by Bangalore University and Manipal Sikkim University respectively.

Maharishi Nagar campus offers PGDBM approved by AICTE, New Delhi. Soon number of other courses will be introduced having approval of AICTE.

MAHARISHI CENTRE FOR EDUCATIONAL EXCELLENCE BHOPAL

MCEE-Bhopal is an institution with facility to have kindergarten to Post Graduate level education in one campus. The school wing of MCEE is affiliated to Central Board of Secondary Education, New Delhi up to senior secondary level.

Vedic courses-Vidyavaridhi (Ph.D.), Acharya (post graduation), Shastri (graduation) and one year Praman-patra (diplomas) are approved by Maharishi Mahesh Yogi Vedic Vishwavidyalaya, Madhya Pradesh. Apart from Vedic university courses, modern management and computer science programmes like BBA, BCA, MBA, B.Ed. and B.P.Ed. are affiliated to Bhopal University and MCA to Madhya Pradesh Technical University, Bhopal.

The campus has established various hobby centers like Maharishi Vedic Science, Vedic Agriculture and Horticulture, Gandharva Ved (Indian Classical Music), Vedic Approach to Health, Vedic Astrology (Jyotish), Horse Riding and Sports. Students are counseled to choose one or more of hobby centers as per their choice and aptitude.

Separate hostel facility is available and experienced personnel are appointed as teachers, administrative and support staff to maintain the highest standard and comfortable stress free lively school and residential environment. The long standing desire of the people of M.P. & neighboring state to have an international standard school and college has been fulfilled by the highest quality infrastructure and excellent educational standard provided by MCEE.

MCEE is established in a 48-acre area, built according to principles of Maharishi Sthapatya Ved-Vastu Vidya, fully air-conditioned, with beautiful fountains, lush green garden, spacious playgrounds, gymnastic room, medical facilities in a serene atmosphere at a suitable distance from noise and industrial pollution of the city.

A branch of MCEE has been established in Bangalore-Mysore Highway, Karnataka from academic session 2008-09 and Chennai branch has started admissions for year 2010-11.

MAHARISHI MAHESH YOGI VEDIC VISHWAVIDYALAYA

Maharishi Mahesh Yogi Vedic Vishwavidyalaya (MMYVV) was established by the Madhya Pradesh Government in 1995, which offers Doctorate, Post Graduate, Graduate and diploma programmes in Maharishi Vedic Science, Maharishi Jyotish, Maharishi Sthapatya Ved-Vastu Vidya, Maharishi Gandharva Ved, Yog, Maharishi Vedic Swasthya Vidhan and Sanskrit language.

Maharishi Vedic University also offers BA, BCOM, BBA, BCA, B.Ed. B.P.Ed., D.Ed. courses at its Jabalpur, Bhopal and Indore Campuses. These courses have special input of Maharishi's Transcendental Meditation, TM-Sidhi Programme, Maharishi Vedic Management and Maharishi Vedic Science and Technology. The university has established Directorate of Distance Education and received approval of Distance Education Council, Government of India, New Delhi to offer its courses through distance learning. Now students through distance learning will have opportunity to go through Consciousness Based-Atma based Vedic Education at their home itself. In Year 2009 the university also got approval to offer IGNOU courses under convergence scheme.

Thousands of students have graduated from Maharishi Vedic University since its inception.

MAHARISHI UNIVERSITY OF MANAGEMENT AND TECHNOLOGY

Maharishi University of Management and Technology has been established with a special act enacted by the government of Chhattisgarh in 2002.

Beautiful Vastu Academic and Administrative buildings are under construction in 25 acre land in Mangla Bilaspur.

Maharishi Organizations have always been pioneer in innovative knowledge based programmes. The aim has been to provide total knowledge creating a new world economy and high standard of life. Thereby MSS being part of global chain of Maharishi education system became sponsoring body for MUMT with pious desire to produce such students who can shoulder the responsibility of the nation by being progressive, powerful and prosperous. Graduates trained by Maharishi organization will be capable of achieving all the desired results in not just professional life but also in personal life.

Maharishi University of Management and Technology is providing such a unique course work, which has co-ordination of modern science, all the great achievements of management technology, and at the same time, all the branches of Indian Vedic Literature. In today's business world, the tendency of appointing specialists who have such a tremendous specialization is increasing every second. MUMT offers programmes in the field of Management and Computer Science. Besides regular four campuses at Raipur, Bilaspur, Raigarh and Durg, university also offers its courses through distance learning system countrywide.

MAHARISHI MAHAVIDYALAYA

MSS has established five branches of Maharishi Mahavidyalaya in year 2006. These colleges are situated at Chhindwara, Mandla, Shajapur, Panna and Shivpuri. Presently B.Ed. course is being offered and other courses i.e. D.ED. offered by Shivpuri and Shajapur B.P.ED. is offered in Bhopal, Indore and Chhindwara centers.

MAHARISHI VIDYA MANDIR SCHOOLS

Maharishi Vidya Mandir Schools (MVMs) have been established to introduce Maharishi Consciousness based Education System in mainstream of school education in India. 148 branches in 17 states with about 100,000

students and about 6,000 teaching and support staff have proven its importance in Indian society for last 20 years. Keeping in view the local requirement, schools are functional from KG to 12th standard. Over 90 branches are affiliated to CBSE, New Delhi and rests are affiliated to respective state school education boards.

MVM Schools are one of the largest chain of schools in the country with its unique approach to complete and wholistic education. Bhopal-Ratanpur, Jabalpur-Narmada Road, Bhopal-MCEE (M.P.), Bangalore MCE and Chennai (TN) branches have residential facility for the students and teachers. MVM students apart from following CBSE or respective state school education course pattern, also learn Maharishi Vedic Science, and practice Transcendental Meditation and Yog as integral part of school routine. This approach has received wide appreciation from parents and they have acknowledged substantial improvement in their wards.

To fulfill this aim, MVMs are establishing the value of pure consciousness in all the students across the country, thereby not only helping the students to gain conventional knowledge for gaining professional skills but also for gaining total knowledge of natural law for personal life. This allows the student to lead a stress-free and strain free life to accomplish their desires without any difficulty. The aim is to allow each generation to enjoy fruits of all knowledge and with its own accomplished life can enliven whole world consciousness and play again the role of Jagat Guru.

Maharishi Vidya Mandir school students have innumerable achievements and have won awards in the filed of academics, sports, cultural events, dance, drama, music, debate, social contribution etc.

CONSCIOUSNESS BASED EDUCATION

Consciousness is the prime mover of life. Maharishi Vidya Mandir Schools are offering complete theoretical and practical knowledge of consciousness, which will open the gate of all possibilities in the life of the students. Through the technology of Maharishi Vedic Science, the schools offer mastery in the field of consciousness, enabling the students to accomplish anything and live a complete life.

This most vital element of life, the study of consciousness has unfortunately been out of the mainstream of education. That is why the tree of life on earth has segregated from its roots and lost the source of its vitality. It lost its nourishment and became fruitless. The bliss quality of consciousness became dormant; suffering dominated human awareness and problems prevailed in the world.

The time has now come in this scientific age for everyone to gain complete knowledge of his own consciousness, and to live life in its full potential of bliss, freedom, and fulfillment. Maharishi Vidya Mandir Schools offer this to everyone through course in the science and technology of consciousness, which is a part of Maharishi's Vedic Science and Technology.

Transcendental Meditation is at the basis of Consciousness-Based Education. This approach adds study and research in consciousness to the traditional study of the academic disciplines, and includes the twice-daily practice of Maharishi's Transcendental Meditation and TM-Sidhi Programme, including Yogic Flying to directly develop full use of the brain's potential in higher states of consciousness.

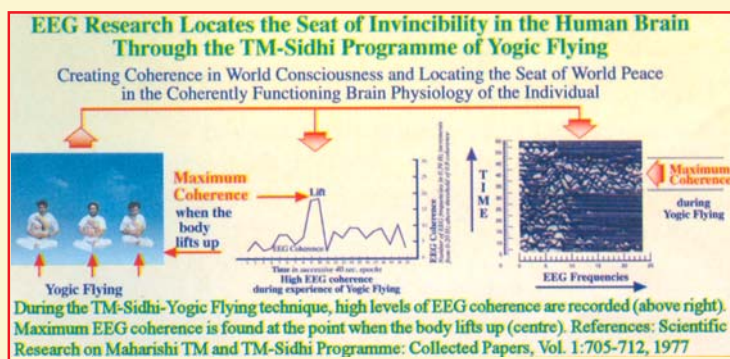

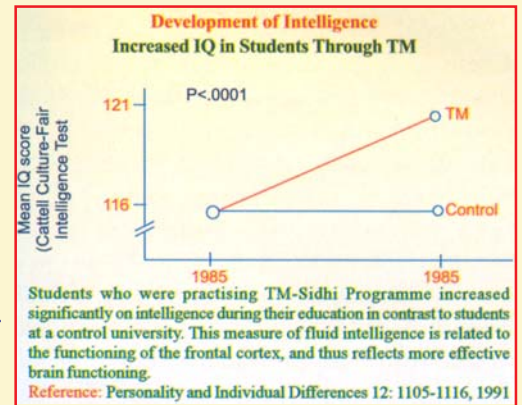

Considering institutions as a whole, students at universities and schools using Consciousness-Based Education are found to be distinctly more committed academically, more alert, more healthy and balanced, more

self-actualized, more satisfied with their education, more harmonious in their relationships, and more mature in moral judgment, compared to students at other educational institutions.

Amidst worldwide dissatisfaction with education today, Consciousness-Based Education has been shown by research and educational outcomes to be singularly effective in producing students who are steadily growing in the most cherished qualities of human life and the full expression of their creative powers.

CONSCIOUSNESS-BASED EDUCATION TO FULFILL THE GOALS OF EDUCATION

Extensive research and decades of experience with Consciousness-Based Education have demonstrated that this approach, which adds study and research in consciousness to the existing curriculum in any country, eliminates the weaknesses of current education. Research verifies that students at Consciousness-Based schools and colleges improve significantly in mental capacity, academic achievement, health, and social behaviour, compared to students in other institutions. At the elementary and secondary levels, year after year classes of students at Consciousness-Based schools, who enter at an average level of performance, score among the highest in their nations and national standardised examinations by the time they graduate. They also distinguish themselves by winning top state and national prizes in an unusually wide range of subject, including science, mathematics, speech, history, poetry, drama, art, music, and sports.

These scientific findings and educational outcomes give additional support to the research outlined in this document indicating that Consciousness-Based Education develops greater use of the brain's potential.

Experience and research also show that when any university or school adds to its curriculum a Consciousness-Based course for all the students, the same desirable changes in academic performance and behaviour take place.

Students grow in enthusiasm for knowledge, in alertness and creativity, and in exemplary citizenship-the ability to achieve their goals while promoting the interests of others. Increasingly they enjoy the 'fruit of all knowledge'-a problem-free, happy, healthy life, spontaneously in harmony with Natural Law.

Furthermore, when large groups of students together practice the Transcendental Meditation and TM-Sidhi Programme, including Yogic Flying, an influence of coherence and harmony is generated in the whole society-in the city, state, or nation as a whole, depending upon the size of the group. This effect is documented by nearly 50 studies showing reduced negative trends and improved quality of life in society. This influence of coherence in society, known as the Maharishi Effect, is the expression of increased brain wave coherence during the practice of Yogic Flying. In this way, the growth of harmony in society is fundamentally connected with development of full brain potential.

ACHIEVEMENTS OF MAHARISHI VIDYA MANDIR SCHOOLS

Maharishi Vidya Mandir students have innumerable Indian and International success records, achievements and awards to their credit in every possible competitive area. Sports, Athletics, Swimming, Self defence techniques, Academics, Dance, Drama, Music, Debates, Fine arts, Mountaineering, Adventure training, Competitive exams, Talent search and Entrance test exams.
